Performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted.

All performance information shown includes the reinvestment of dividends and capital gains distributions, but does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

The S&P 500 is an unmanaged index of 500 common stocks that is generally considered representative of the U.S. stock market.
